

Broadband

Fibre broadband coverage in Cambridgeshire & Peterborough is above the national average and ahead of Government targets

In Fenland:

- 97% of premises can access partial/full fibre broadband with download speeds >24Mbps
- >73% can access gigabit capable broadband with download speeds of at least 1000Mbps (1Gb)

Gigabit capable fibre broadband coverage is increasing at pace through direct government intervention and commercial deployment towards the target of 85% by 2025

- A number of commercial providers have announced plans to rollout gigabit capable fibre broadband in Fenland from 2022 including: CityFibre, Netomnia and Openreach, with more expected
- View our [active suppliers list](#) for more information
- Virgin Media's cable network will be upgraded to full fibre over the next two years
- [Project Gigabit](#) is combining government funding with commercial investment to extend gigabit capable fibre coverage to fill the gaps
- Gigabit Vouchers and top ups may be available to cover the cost of installing broadband for eligible groups of rural premises that are not in commercial plans or covered by Project Gigabit
