

Cambridgeshire and Peterborough Digital Connectivity Strategy 2021-2025

Digital connectivity has never been more important for businesses, communities and public services and the key objectives for the future strategy, which builds on the current programme, are set out below. However, each area within the Cambridgeshire & Peterborough Combined Authority is unique with its own challenges and priorities, requiring a local approach to digital infrastructure planning.

Collaborative work with several of the Combined Authority's constituent Local Authorities is already underway to create local digital infrastructure plans, taking into account the geography, opportunities and needs in each locale. The 2021-2025 strategy will further develop this local approach, working with each of the Combined Authority Councils to co-create a dashboard and digital infrastructure plan.
